INDEPENDENT ACCOUNTANT'S REPORT

President and Board of Executive Directors
International Development Association:

We have reviewed management of the International Development Association's ("IDA") assertion that for loans, guarantees, and grants that had commitments or disbursements during the year ended June 30, 2025, \$39.9 billion was committed, and \$33.1 billion was disbursed, by IDA for IDA Projects during the one-year period ended June 30, 2025; and that for loans, guarantees, and grants that had commitments or disbursements during the year ended June 30, 2025, \$217.5 billion was cumulatively committed, net of cancellations and terminations, and \$113.7 billion was disbursed, cumulatively over the life of the loan, guarantee, or grant by IDA for IDA Projects; as listed and defined in the IDA Projects Commitment and Disbursement Schedule (the "Schedule"). IDA management is responsible for its assertion. Our responsibility is to express a conclusion on management's assertion based on our review.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants ("AICPA"). Those standards require that we plan and perform the review to obtain limited assurance about whether any material modifications should be made to the Schedule in order for it to be presented in accordance with the definitions in the Schedule (the "Criteria"). The procedures performed in a review vary in nature and timing from and are substantially less in extent than, an examination, the objective of which is to obtain reasonable assurance about whether the Schedule is presented in accordance with the Criteria, in all material respects, in order to express an opinion. Accordingly, we do not express such an opinion. Because of the limited nature of the engagement, the level of assurance obtained in a review is substantially lower than the assurance that would have been obtained had an examination been performed. We believe that the review evidence obtained is sufficient and appropriate to provide a reasonable basis for our conclusion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements related to the engagement.

The procedures we performed were based on our professional judgement. In performing our review, we performed analytical procedures, inquiries, and other procedures as we considered necessary in the circumstances. For selections of the projects listed in the Schedule, we performed tests of mathematical accuracy of computations and compared the commitments and disbursements to underlying records.

Information included in the IDA Impact Report outside of the Schedule was not subject to our review and, accordingly, we do not express a conclusion or any form of assurance on such information. Further, any information relating to forward-looking statements, targets, goals, progress against goals, and linked

information was not subject to our review and, accordingly, we do not express a conclusion or any form of assurance on such information.

Based on our review, we are not aware of any material modifications that should be made to management's assertion that for loans, guarantees, and grants that had commitments or disbursements during the year ended June 30, 2025, \$39.9 billion was committed, and \$33.1 billion was disbursed, by IDA for IDA Projects during the one-year period ended June 30, 2025; and that for loans, guarantees, and grants, that had commitments or disbursements during the year ended June 30, 2025, \$217.5 billion was cumulatively committed, net of cancellations and terminations, and \$113.7 billion was disbursed, cumulatively over the life of the loan, guarantee, or grant, as presented in the Schedule are in accordance with the Criteria described in the Notes of the Schedule, to be fairly stated.

IDA Cumulative Gross Disbursements: Represents the dollar value of the amount transferred to the borrower cumulatively over the life of the loan, guarantee or grant.
